Lack of Funds Hampers
Work At the Cemetery

"Dead but not Forgotten."

So it is in the vast majority of cases. The loved ones who have passed on are almost always remembered for their fine deeds done during their life time and so those memories are mostly of a kind and reverent nature. But just remembering them kindly is not enough.

The care of the loved one's grave is a wonderful way to show just how much they are remembered.

In the Temple Hill Cemetery there are almost one thousand graves and as many people do nothing in the way of beautifying the graves of their loved ones, the Cemetery Board has taken over the job of doing that work for them. As can readily be understood, this means a lot of work and to do this the Board engaged the services of two men for the summer to beautify the cemetery. All went well until they ran out of money at which time they were forced to let one of their men go.

This running out of money seems to be a common thing in this world but it is one thing the Cemetery Board should not have to worry about. In past years there has been an assessment of \$5.00 per lot for care and upkeep but as the beautification work was progressing rather slowly it was decided this year to plant the whole cemetery to grass and ask for donations to finance the work. Financially, this scheme worked no better than the previous one and so this appeal is now being made to you people to help the Cemetery Board do a job that must be done.

If everyone owning plots in the Cemetery would pay their assessments there would be sufficient funds to complete the work. Stanley Czech, the full time sexton, and Thomas Rudd have done a lot of hard work and deserve a lot of credit for their efforts. These men cannot be expected to work for nothing and so it is up to each and every plot owner to fulfill his obligations and provide the money to keep this worthy effort going.

The Cemetery Board wish to acknowledge the kind and generous efforts of Joseph Hancock who cultivates the trees at the cemetery regularly—and without charge.

Sugar Factory
Employees Enjoy
Weiner Roast

An enjoyable Weiner Roast and Sports Program was held on Thursday evening, August 16th, in the Victoria Park at Raymond under the auspices of the Canadian Sugar Factories Employees Federal Union Local No. 118.

In addition to 160 Employees and their families, Officials of the Company were present as guests.

The program included races for the children and adults, a Tug-of-War, and after the Weiner Roast, a community sing around the camp fire with an impromptu program.

President Karl Gemlich gave an address of Welcome to the group at the start of the community singing. During the Program T. Geo. Wood presented to Mrs. Geo. McGillvary and Mrs. A. Adams lovely bouquets of Gladioli; Mrs. McGillvary being the mother with the most children present and Mrs. Adams as the youngest mother present in the group. The bouquets were donated by Mr. Wood and the flowers grown in his garden.

A guessing game consisting of estimating the number of beans in a jar was won Renon Pack in the men's group and by Mrs. James Hudson in the women's group. A 25 lb. sack of sugar was the prize in each case.

The party broke up about 9:00 with everyone seeming to have had a good time that perfect evening.

Mrs. Margaret Jessop had as her guest on Sunday Mrs. Gordon Dudley and family.

AS I REMEMBER IT
C. D. Peterson

I came through the port of entry at Coultas on the twelfth day of November 1901 on the narrow gauge railway known as the Alberta Railway and Irrigation Co. I stopped at Stirling to be transferred to the Branch Line running through Raymond, Magrath and Spring Coulee. The contents of the cars belonged to E. J. Wood and myself. On the same train from Coultas was Mr. and Mrs. Wood, Mr. and Mrs. Richard Hall and daughter, Mrs. Maria Price and her three children Mrs. Lettie Litchfield, Eddie Price and Henry. There was also a Mr. Henry, Mr. Cox and Mr. Pritchett. On November 15th we were transferred to the branch line where they gave us five cars in which to put the things we had in one standard car at Great Falls, Montana.

Raymond at that time had fourteen objects above the ground. They were scattered. I remember a small land office near the canal with a Mr. A.E. Moore in charge. There were a few dwellings on Ray Knight's lot, a meetinghouse where the Stake House now stands, the Mercantile, a hotel and a few buildings to the south east were under construction. Harry Jones ran a restaurant in a tent and Wm. Wood operated a small meat market in a tent and a lean-to nearby. The first social held in Raymond was held in the last week of November or the first week of December.

I bought my farm December 5th 1901 and then went to work for Mr. J. B. Ririe. Jessie Knight had Mr. Ririe go to Montana to buy forty to sixty thousand head of sheep to be brought into Alberta. Forty-two thousand were brought in—many of the ewes were old and heavy losses were sustained. That winter six hundred head smothered in Cross Coulee south of Raymond in one storm. That winter was just an ordinary one for Southern Alberta—some very nice weather and some very cold indeed. About twelve inches of snow fell in one February snow storm, however April was very dry but in May we had a lot of wet weather which resulted in heavy losses of lambs and calves but it was ideal for farmers who put in grain.

Shearing was done that spring in a large shed built by Knight's where Craddock now stands. The wool was baled into bales of 350 to 400 lbs and sold to U.S. buyers at 12¢ per pound for 1902 clip and 14¢ for 1903 clip. The fleeces weighed from ten to fourteen lbs, each. F. G. Smith was in charge of the Shearers, about thirty men, and C. D. Peterson was in charge of corrals and wool. About eighty thousand head were sheared that year at 7¢ per head.

In the year 1902 the Knight Ranching Co. was formed with Joseph Ellison as General Manager, Mr. Ririe having resigned. C. D. Peterson was put in charge of the sheep department comprising fifty-four thousand head including lambs. About ten or twelve thousand head of cattle were shipped in, mostly to Cutbank, Montana and trailed north across the border to the Milk River, where a ranch was being built as head quarters for the cattle known as the Bar double horse ranch, a registered brand born by the cattle. While this large band of cattle was being led along the Milk River for Canadian inspection, Dick Kinsey, foreman of the K2 Ranch (a Knight and Kinsey ranch) told some of the American boys who came in with the cattle as riders, that when the Inspector and Veterinarian came they would have to be vaccinated as a Canadian Health measure. That afternoon Jim Meeks and A. J. Forsyth rode in on horseback. They were wearing tall fur caps and Mr. Forsyth wore a blue U. S. Uniform with large bright

A little long range planning has been done by the Legion Ladies Auxiliary and they wish to announce that they will sponsor a bazaar and Entertainment Sale in the Legion Hall on Saturday, October 13th. They also plan to start the Whist Parties again in September.

A Ladies Auxiliary Meeting will be held Monday night.

Construction May Start
Soon on New School

The plans for the new school are expected to be completed this week and shortly thereafter bids will be called for the construction work. If all goes well there is a possibility that work could be started within a month's time.

The new school for Raymond is fast becoming a reality and much credit for this project is due the members of the School Board who have spent so much time and energy to bring this much needed addition into being.

Mrs. V. Allen Laid To Rest

Funeral services were held on Friday, August 17 for one of Raymond's best loved citizens, when a great crowd of people paid their last respects to Mrs. Valeria Allen.

The services were conducted by Bishop Snow in the Stake House with all the members of her family and her host of friends present.

The opening song "I Need Thee Every Hour" was followed by a prayer by Pres. L. L. Palmer and the hymn "I Wandered Through the Still Night". Elder Melvin T. King spoke of the sterling qualities of Mrs. Allen and the wonderful work she had accomplished in her life. Mr. and Mrs. James E. Harker sang "In The Garden" and Pres. T. Geo. Wood spoke on our future existence. He also spoke words of praise for works and deeds of Mrs. Allen. The closing song was "Abide With Me 'Tis Eventide" and the benediction was offered by Bishop J. O. Hicken. The choir was directed by Gerald Gibb with Roi Stone at the organ.

Interment was in the Temple Hill Cemetery with Elder T. T. Mendenhall dedicating the grave. Pallbearers were Lee Brewerton, Paul Redd, Clarence Alfred, Wm. A. Anderson, Myron Holmes and S. B. Card. Christensen Bros. were funeral directors.

Mrs. Allen passed away at the family home here on Tuesday after a somewhat lengthy illness, and leaves to mourn her passing, her husband, Heber F. Allen, and five children, Marion, who is a teacher in an Ogden High School, Louise (Mrs. Doran Kenney) of Tulsa, Oklahoma, Dr. Douglas of Calgary and Margaret (Mrs. Jim Bridge) and Katherine (Mrs. Joseph Keeler) of Raymond. She also leaves her mother, Mrs. W. B. Nalder and her two sisters, Mrs. Emma Burr of Lethbridge and Mrs. Velma Redd of Raymond, and three brothers, Ray of Picture Butte and Clifton and Butler of Raymond.

Mrs. Allen was a very talented person in the musical field and gave freely of her time and talents to provide entertainment and enjoyment for others and will be greatly missed by all who knew her.

As a special tribute to Mrs. Allen most places of business in town closed their doors during the funeral with the Mercantile being closed all day. The staff of that store sat in a group at the services.

Also present for the funeral were Mr. Allen's three sisters from Utah, Mrs. Lucille Douglas, Mrs. Miralda McKay and Mrs. Hazel Snow who was accompanied by her husband and daughter Mary.

Jolayne Holland is now employed at the Treasury Branch.

Mr. and Mrs. Sweiney (nee Ruth Graham) have returned to their home in Regina after visiting at the Bob Graham home.

Fall Wedding
Solemnized In
Alberta Temple

Marriage vows were exchanged in the Alberta Temple on Friday, August 17th, between Marie, daughter of Mr. and Mrs. Rulon Dahl, and Reid, son of Mrs. Lucia Zemp and the late William Zemp. Pres. Smith officiated.

A Reception was held for the happy couple that evening in the Stake House which had been beautifully decorated with pink and white streamers and a profusion of gladioli sweet peas, daisies and other summer flowers.

The radiant bride, carrying a bouquet of red roses, was gowned in white satin featuring a Peter Pan collar edged with seed pearls. The floor length veil fell from a dainty coronet also trimmed with seed pearls.

The attendants, Bernice Dahl, Wilma Rae Walker and Donna Spackman, wore blue eyelet organdy, blue nylon sheer and blue organdy respectively and carried nosegays of sweet peas and roses.

Best man was Lyn Zemp and ushers were Cliff Peterson and Claude Baker.

Mrs. Dahl chose for her daughter's wedding a powder blue silk frock to which was pinned a corsage of pink and white carnations, while the groom's mother chose a rosewood, silk crepe dress complimented by a corsage of pink carnations.

Mrs. Phoebe Evans, grandmother of the bride, was in charge of the Guest Book and Mrs. Geneva Erickson Mrs. Relta Walker and Elaine Stevenson accepted and arranged the many lovely gifts.

While the guests were gathering Emma Dahl and Nyal Fletcher played piano and violin solos respectively.

(continued on page three)

Good Marks For Grade
Twelve

The greatest number of students in recent years to attain "H" standing in Grade Twelve, graduated this year from the Raymond High School. 16.66% of those writing examinations were so honored. 24.56% passed with "A" standing; 38.59% with "B"; and 13.15% with "C" and 7.01% received "D" standing.

The grade Nine record was not so good as in previous years and it is the hope of authorities that the parents will co-operate a little more in the future to bring these marks up. Only 5.5% in Grade Nine achieved the "H" mark. 81.6% received "Pass" and 12.9% were marked "D".

The Grades Ten and Eleven examinations were marked here but the standings have not yet been released by the Department of Education but it is believed that good marks were the rule in both classes.

Mrs. Gertie Fairbanks was hostess Monday evening to the Milladi Club at which time Virginia Wilde reviewed a number of short stories.

Special guests were Rolanea Bingham and Leola Meeks.

A lovely lunch was served by the hostess at the close of the evening.

Calling Shower Honors
Recent Bride

Wednesday evening Mrs. Jim Still entertained in honor of Mrs. Ray Adams, nee Velma Cummings of Rosemary, a recent bride. Many ladies called between the hours of two to seven to extend their best wishes and leave a gift.

The tasty lunch was served by Wynne Fisher and Alice and LaRue Still at tables prettily adorned with summer flowers.

Magrath Pothole Scene
Of 3rd Ward Outing

Wednesday evening the members of the Third Ward gathered at the Magrath Pot Hole for what they thought was going to be an entire evening out in the open. However, after a few games for the youngsters under the direction of Mrs. Scott Salmon and Bernice Dahl, and a ball game under the direction of Jack Kenney and Ray Depew, the rain forced them to take shelter in the Second Ward Recreation Hall. There they ate their picnic lunch minus ants and mosquitoes, and then went on with the remainder of the evening's entertainment.

Ralph Walker as M. C. introduced the first number, a Skit by June Anderson and Alice Stevens, followed by a solo by Joe McLean and then a trumpet solo by Gary Salmon. Cynthia Hague gave a Reading after which Alma Hancock entertained with a Guitar and Harmonica solo (or would that be called a duet) followed by a Saxophone solo by Larry Dahl. After Beth Zemp's Indian Story Doris Court, Betty Williams, Elaine and Bertha Adams played the leading roles in a Skit directed by Mrs. Annie Adams.

Community singing was also enjoyed by the congregation with Mrs. Salmon conducting and Mrs. Emma Dahl at the piano.

Mr. and Mrs. Jim Smith of Cardston were visitors in town over the week-end at the home of Mr. and Mrs. Louis Fisher.

Quarterly Conference
Held Here

President Milton R. Hunter of the First Council of Seventy of the Church of Jesus Christ of Latter Day Saints and Elder Karl Buehner of the Welfare Committee were the representatives of the General Authorities of the Church at the Taylor Stake Conference held at the Stake House on Saturday and Sunday of last week.

Near capacity crowds attended the conference at which Pres. Hunter spoke on the Fall and the Atonement and Elder Buehner carried a Welfare and Word of Wisdom message to the people.

The missionary work of the Church was discussed and eight missionaries reported on their labors. Jeune Iwanasa of the Japanese Mission, Ronald Stevenson of the East Central States, Lawrence Turner of the Central States and Allen Watson of the Southern States Mission gave their reports as did three young people from Magrath and one from Stirling.

The music for the Conference was provided by the First Ward Choir under the direction of Beth Walker, assisted by Ethel Tollestrup at the organ.

A grand compliment was paid to the Taylor Stake, Howard Perks and Joseph Hicks for the beautiful condition of the Stake House Grounds. It was said at the conference that there were no finer grounds in the Church with the possible exception of Temple Square in Salt Lake City.

Mrs. June Alfred entertained at an impromptu family reunion Saturday evening with the following guests present. Mr. and Mrs. Jack Ford and daughter Marilyn, Mr. and Mrs. Cluster Nilsson and daughter Pat and Miss June McFarlan all of Ogden, Utah; Mr. and Mrs. Bert Nilsson and Mr. and Mrs. J. H. Schaalje of Lethbridge; Mr. and Mrs. E. H. Nilsson and Mr. and Mrs. Carl Alfred of Raymond.

Now that their children are in College, Mrs. Nilsson and Mrs. Ford have returned to college as well and will receive their degrees from the University of Utah in Salt Lake the 31st of this month. They plan to go back to teaching school this fall.

The Wednesday Night Club met at the home of Mrs. Karl Dahl this week with top prize winner being Mrs. Annie Larsen. Consolation prize was won by Mrs. Gladys Gough.

A lovely lunch was served by the hostess.

Double Ring Ceremony
Solemnized At
Wood Home

Saturday, August 18th, at a late afternoon ceremony, held in the home of Mr. and Mrs. T. Geo. Wood, Myrna Lou Worthington of Tulsa, Oklahoma, was joined in wedlock with Mr. Woodruff Wilson Wood, youngest son of the Wood family.

Bishop J. Golden Snow of Raymond Fourth Ward, officiated at a quiet double ring ceremony, which was attended by members of the family. Following the wedding, a reception was held for close friends and neighbors. Out of town guests were present from Edmonton, Calgary, Lethbridge and Taber.

The newly wedded couple are honeymooning at Waterton International Peace Park.

They will make their home in Eugene, Oregon, where they will continue their studies in Art and Architecture at the University of Oregon.

Youthful Student Is
Graduated With High
Average

Laurie Harker.
There is the name of a boy who will go down in the records of the Raymond High School, and quite possibly those of the Department of Education, as being a very outstanding student.

Taking his Grade Twelve course in one year, young Mr. Harker attained the wonderful average of 92%. This is believed to be a record for the local High School and it is very near the top of the averages for the whole Province. As far as we know now, he intends to attend the U of A in Edmonton this fall.

Laurie, who is probably better known for his singing ability, has been commended by his teachers for his fine attitude in school and is deserving of a lot of credit because earning that kind of marks means lots of hard work—a thing a lot of students are not prepared to do.

Together with Margaret Huszar, Laurie was awarded a \$50.00 Jubilee Scholarship for outstanding achievement in High School. The donor of these Scholarships is unknown but he should be congratulated on his generous gesture.

The Process Is Reversed

We offer our congratulations to Bill Attwo who was so fortunate as to bring a lot of money from Lethbridge the other day. (This is an odd situation for our town where so many citizens go to Lethbridge to do their shopping and so leave a lot of Raymond money there.)

Bill was the lucky person to win the \$500.00, or a two week vacation in Waterton, which was the grand prize of the "Win a Holiday Quiz" that was sponsored by the Lethbridge Jaycees in an effort to make people more conscious of "Wonderful Waterton." The Attwoods had just returned from their holidays there so Bill accepted the \$500.00.

At a ceremony in front of the Tourist Information Bureau in Lethbridge last Saturday evening an American visitor from Cut Bank, Mont., Miss Wanetta Hillius, drew the ticket with Bill's number 3097 on it, and by answering the question "Where is Waterton Lakes National Park?" Bill became the owner of a nice chunk of money.

Who Owns the Boat?

There is a puzzling situation in our area of town.

Over a month ago, when we got back from our wonderful holiday, we became aware of a boat parked on the west side of our shop. We thought it belonged to someone close around so were not too much interested in it (Roxie can't swim so good and I don't think she has too much confidence in me as a sailor) until people started asking us who it belonged to. If someone can clear up this question for us we will be much obliged. The boat, which is mounted on a two-wheel carrier, isn't doing any harm but Old Man Winter is coming up pretty soon and he and the boat might not enjoy each other's company too much.

Two big buildings in town are getting a "face-lifting" this summer. The Public School is being readied for the rush of youngsters who will be so happy when school time comes again. A little carpentry work and a white trim on the outside is making the old school look real nice.

The other big building is "The Castle" and if you don't believe it is big, just try paying for the paint that is being applied to its old hide. A rewiring job and a few other improvements on the inside combined with a new coat of paint, a reinforced foundation and a fine job of roof fixing will put the place in its best condition for many years. The old home was a place of comfort and beauty in its younger days and we are sure those days are coming again.

Mrs. Alex Nemeth returned on Saturday after a seven week absence in which time she visited friends and relatives in Grand Rapids and Kalamazoo, Michigan, Cleveland, Ohio and South Bend, Indiana.

As I Remember It
(Continued from page one)

belonging to the Knight Ranching Co. proaching Mr. Kinsey rode over to the U. S. boys and said, "Here comes the inspector and the veterinary, you boys ride over to the house and get your medicine." The boys said "nothing doing" and whirled their horses back for the U. S. border. Dick had to send his top man and best horse to overtake them before they reached the line about eight miles south, and get them to return.

While the heavy rains of May and July were disastrous to the young calves and lambs, killing about 30 to 40 percent, it was great for the seeded grain and mosquitos. A common sight on the grass streets of Raymond in 1902 and 1903 was Will Knight and others wearing a large green mosquito bar sack covering the head, shoulders and body, with a draw string at the waist. The story is, that one bachelor crawled into a steel barrel with a hammer and as the mosquito would bore his head through the barrel he would hit it with the hammer and clinch it to the barrel. So many mosquitos gathered one time and flew away with the barrel, the man inside, and never returned.

As I remember it, the crops were good that year, grain yielded well. The first steam thrashing machine in Raymond was run by Mr. Selman with Eph. Hicks running the engine. Ellison Flour Mills was built and started in the fall of 1902, managed by Geo. W. Green.

An oddity of the season's crop was flat potatoes. The weight of the heavy sod caused the tubers to be flat. Oats and wheat were sown from the back of a wagon, using both hands the seed was thrown both right and left while the neighbor or the wife or some member of the family would drive the team.

The winter of 1902 and 1903 was a normal one, although Raymond had a few cases of small pox. The spring was nice and a large crop was planted. The first sugar beets were planted that year to be used in the first Sugar Factory built in Western Canada, and the second in the Dominion. The other factory built in Ontario was closed that year in failure. Grass was plentiful although prairie fires had taken some parts. The calf and lamb crop was wonderful until May 16th when it started to snow. By the 20th all Southern Alberta was covered with 2½ to 3 feet of snow. Thousands of head of cattle perished. Out of the ten or twelve thousand head

belonging to the Knight Ranching Co. two to three thousand were piled up in coulees or over cutbanks and thousands were driven into Montana. Many horses were never found. Other heavy losers in that era were R. C. Harvey, Meeks Bros. L. Holbrook, the Kesler Bros. and many others. Sheep fared a little better, five hundred head were drowned in a lake, five hundred perished out right (about 3 per cent) but the loss of lambs was about 90 per cent. The crops that year were good, and sold at about one cent per pound. The sugar beet crop was cared for and harvested by about 75 Chinamen — Alberta's first sugar was produced. The first sheep to be fed and fattened on prairie grass, oat bundles and pulp was done by Albert Green. They were bought from the Knight Ranching Co. at 3¢ per lb. and sold to P. Burns at 5½¢ per lb. when fat in March.

One of Jessie Knight's hopes was never realized — he wanted to build a town where the Kirkelly Ranch now stands and one at Welling. The plans of Jessie Knight and his two sons William and Raymond reached far into the future, their fine personalities, their free spending of large sums of money, their love for their fellow men will never be forgotten by the people of Raymond and southern Alta.

Gee!

CAN I HAVE THE WHOLE JAR?

ALBERTA SUGAR KEPT THEM SO

The peach season is here! You'll want to enjoy them now — and capture their flavour for year round eating. That means home preserving with Alberta Sugar. Alberta's Sugar's double action works two ways to bring you successful results: it prevents spoilage and discolouration; it brings out the full perfect flavour of the peaches. No other method of preserving can give you this double action result. So right now — while peaches are at their peak, order your needs. At the same time, get your supply of Alberta Sugar in your favourite size.

PEACHES ARE RIPE!

Buy a good supply of Peaches for preserving now. They're at their highest quality—lowest price—Team them up with Alberta Sugar for better flavour and results.

This Is Today

Today is here. I will start with a smile, and resolve to be agreeable. I will not criticise. I refuse to waste my valuable time.

Today has one thing in which I know I am equal with others—time. All of us draw the same salary in seconds, minutes, hours * *

Today I will not waste my time, because the minutes I wasted yesterday are as lost as a vanished thought.

Today I refuse to spend time worrying about what might happen. I am going to spend my time making things happen. * *

Today I am determined to study to improve myself, for tomorrow I may be wanted, and I must not be found lacking. * *

Today I am determined to do things I should do. I firmly determine to stop doing the things I should not do.

Today I begin by doing, and not wasting my time. In one week I will be miles beyond the person I am today.

Today I will not imagine what I would do if things were different. They are not different. I will make success with what material I have.

Today I will stop saying "If I had time" for I never will "find time" for anything—if I want time I must take it. * *

Today I will act toward other people as though this might be my last day on earth. I will not wait for tomorrow. Tomorrow never comes.

Harvesting Your Seed for 1952

The great bulk of the seed that goes into the ground each year in Western Canada is grain that is produced by the farmer on his own farm. It is therefore the responsibility of every western farmer this fall to exercise good care in selecting and harvesting the grain fields he is going to save for seed.

Seed Sense. It costs money to plant a grain crop these days—land charges, labour costs, implement and operating expenses, gas and oil, etc. After going to all the expense of providing good land and preparing good seed beds, farmers simply can't afford to use anything but the best of seed.

Field Selection. Select the best grain fields on your farm for seed this fall. Growers of Registered seed, or of seed from Registered or Certified seed, stocks will, of course, have little difficulty in selecting fields which will produce seed of the very highest quality. Farmers who have to select seed fields from ordinary commercial grain crops should keep in mind the following important points. (1) Select only fields that are true to variety. Don't forget that mixed varieties result in uneven ripening, lower yields and, very often, definitely lower grades. (2) Select fields that are free from weeds. (3) Select grain fields for seed that are free of smut, and other diseases. If your wheat and barley was properly treated last spring with Ceresan, Leytosan, or Panogen, and you still find smut showing up badly in this year's crop, you can be almost certain that the smut present is Loose Smut. Don't keep seed from wheat and barley fields that are badly contaminated with Loose Smut—change your seed. Needless to say, any seed you save this fall should be sound, well-matured, and dry. Thresh it carefully to avoid mechanical seed injury. Finally, store your seed in a dry, well-ventilated place.

The farmer who takes the time this fall to select and then uses good care in harvesting and storing seed from the best grain fields on his farm, will be highly paid for his efforts in 1952. Yes, good seed pays.

Workers in Russia have to work twenty times as long as Canadians to earn a pound of sugar. The average Canadian industrial worker earns the price of a pound of sugar in six minutes; the Russian works two hours for his.

The Busy Bee Club met at the home of Mrs. Herta Ghemlich on Wednesday evening. Mrs. Doris Court gave an interesting review of the Book "April Snow" by Lillian Budd. A tasty lunch was served by the hostess.

Fall Wedding

(continued from page one)

Melvin King was M. C. for the following program. Solos by Evelyn Melchin, "Golden Day of Promise" and "The Loveliest Night In The Year" followed by a solo by Jeanne Jensen "Toujour L'mour" and a humorous reading by Melba Meheew, "The Wedding Day". Laurie Harker and Pat Strong sang "At Dawning" after which the Temple City Quartet sang a few numbers. Rulon Dahl made a few remarks in conclusion.

Mrs. Jack Evans was in charge of the dainty lunch served after the program by Janet Turner, Jolayne Dahl, June Woodhead, Jean Meheew, Gertrude Hudson, Eva Dahl, Eileen Dahl, Barbara Fairbanks, Geraldine Palmer, Sylvia Christensen, Maxine Dahl, Kay Stone, Vivian Fawns and Gene Garner.

Mrs. Zemp chose for her honeymoon trip to Banff a navy blue suit and shorty coat with pink accessories. Her corsage was of pink carnations.

Visitors were from Lethbridge, Taber, Cardston, Magrath, Stirling and Barnwell.

NEW CHRYCO Super BRAKE FLUID DOES A BETTER JOB

Through greater extremes of heat and cold... from 340 degrees Fahrenheit to 80 degrees below zero, NEW CHRYCO SUPER BRAKE FLUID retains its fluid state! Contributes to safer driving. The best safeguard for brakes against wear and corrosion. Engineered and made by Chrysler. Specify CHRYCO SUPER BRAKE FLUID and be sure!

Come in and see us today!

What CHRYCO means

CHRYCO is a trade name coined from "Chrysler Corporation". Parts and accessories bearing this trademark are guaranteed by the men who design Chrysler, Plymouth, Dodge and DeSoto motor cars, Fargo and Dodge trucks and Chrysler Industrial Engines.

MELCHIN MOTORS

Dick Kelly has exchanged places with Arnold Hudson at the local Bank of Montreal. Dick came here from Westlock where Arnold is now located. Desmond George is also at Westlock.
